Subject: [EXTERNAL] Bridgeton Dust Sample QAPP

John,

EPA has just completed the QAPP for sampling residences in the Spanish Village subdivision in Bridgeton, MO.

This is currently being reviewed by our QA shop so there is a possibility that minor changes will occur based on their feedback.

I didn't want to delay getting it to any longer.

I'm trying to schedule a call on Wednesday with MDNR and MDHSS to discuss everyone's thoughts and if formal comments are needed.

Are you available Wednesday at all?

Tom Mahler

On-Scene Coordinator

EPA Region 7
